

No Funding for Escalation of the War in Afghanistan

Say No to U.S. Attack on Kandahar

Out of Afghanistan – Bring the Troops Home Now!

Congress will soon vote on a \$33 billion supplemental funding bill for the U.S. war in Afghanistan. The funds will be used to escalate the war, including an attack this summer on the Afghan city of Kandahar. Fourth District Congressional Representative Betty McCollum has made clear she intends to support this additional \$33 billion for the war.

The war in Afghanistan will not make the world safer; the escalation can only lead to more horrendous loss of life. Join an anti-war protest Tuesday, May 18 at the office of Representative McCollum and, call her office today to tell her to Vote NO on the \$33 billion supplemental funding for the war in Afghanistan: 651-224-9191 (St. Paul) and 202-225-6631 (Washington, D.C.).
